

REVENGER

12000 DPI Ultimate Optical Gaming Mouse

Dominate the Online Arenas

The PMW3360 Optical Gaming Sensor will provide high accuracy free from control-distorting acceleration at DPI levels up to 12000 DPI (native). Enjoy full control on 4K or multi-monitor screens!

A Functional Spectacle (16.8 million colors)

Revenger's multicolor backlight effects and 2-Zone backlight will not only enhance your gaming atmosphere, but also allow you to see which configuration profile you're using!

Make it Yours

Its 6 buttons allow you to access, using only the mouse, up to 21 different functions, including macros, shortcuts and more.
