

Revenger S is the ultimate gaming mouse.

Created with input from many respected gaming experts, this professional level gaming mouse unites the best possible shape for a gaming mouse and the best internal components current technology allows for. The result is an unparalleled mixture of comfort, completely precise tracking, smooth performance and useful features that is on its way to become the new standard for competitive eSports.

REVENGER S

DESIGN FOR GAMING ENTHUSIASTS

PMW3360 SENSOR

True One-to-one tracking up to 12000 DPI with the respected PixArt PMW3360 Optical sensor. Total precision also in 4K!

2000 Hz REFRESH RATE

The World's Fastest Polling Rate. Smoother gaming and faster response allow you to show your real skill in the online arenas.

ULTRA-FAST TRACKING

Tracking speeds of up to 250 IPS, acceleration up to 50G.

SUPERB ERGONOMIC SHAPE DESIGN ANTI-SLIP RUBBER FLANKS

Fine-tuned Shape and Layout

The proud owners of Revenger S will have in their hands the result of years of research to achieve a shape and button arrangement that genuinely help gamers improve their performance. Every single millimeter of this mouse has been designed the way it is for a reason, from the curvature of its buttons to the angle of its flanks; its every molecule is helping you become a more powerful gamer. To help you get a solid hold during the fiercest of gaming sessions, Revenger S comes with two real rubber (not coating) flanks that further stabilize your grip.
